Health and safety policy

1. Statement of general policy

This is the statement of general policy and arrangements for: **AMS Composite Cylinders Ltd**

The company is committed to:

- Provide a safe place of work
- Provide safe systems of work
- Provide training, instruction and supervision
- Provide and maintain safe equipment
- Assess the risks to anyone who might be affected by carrying out work activities
- Ensure materials and substances are safely stored, handled and transported
- Work to prevent accidents and work related ill health

2. Responsibilities

The company board of directors has overall and final responsibility for health and safety.

Stephen Langron has day-to-day responsibility for ensuring this policy is put into practice.

The directors must provide adequate supervision to ensure the safe systems of work are being followed.

Employees have a responsibility to take care of the health and safety of themselves and those around them, to follow safe systems of work and report any concerns to the directors

3. Arrangements

3.1 Training

All staff and subcontractors will be given a health and safety induction and provided with appropriate training, including manual handling.

Directors are responsible for identifying training needs.

Stephen Langron is responsible for keeping a record of all training.

3.2 Carrying out risk assessments

A written risk assessment will be carried out by the directors for all work activity, prior to it starting. Hazards will be identified and control measures implemented to eliminate risk, or reduce to an acceptable level and the risk assessments will be provided to employees.

3.3 Accident reporting

All employees will report accidents to a board member. Stephen Langron is responsible for investigating accidents to prevent recurrence and ensure safe work practices are being carried out.

All accidents will be recorded in the accident book which is kept by Stephen Langron and is located in Dropbox.
